AMERICA'S AIR CLEANER

You may be using your Austin "it" air purifier to assist with chemical sensitivities, for relief of asthma or allergy symptoms, or to help with COPD. Whatever the reason, we recommend you run your Austin "it" air purifier 24 hours a day, 7 days a week, 365 days a year. This will ensure you're getting maximum protection from airborne pollutants, when you need it most.

Backed by unparalleled expertise in air quality control since 1990, Austin Air Systems air purifiers are designed to target the airborne pollutants in your indoor environment.
